

PATIENT POSITIONING DEVICES

MOVING IN THE RIGHT DIRECTION

FEATURES & BENEFITS:

- Quality 50/50 cotton/polyester twill surface provides patient comfort
- Slippery and low-friction backing protects bed linens and allows staff to reposition patients safely and easily.
(Note: PTD-45, PTD-5, PTD-BA/Y and PTD-31 styles feature a breathable backing, while PTD-6 style features an impermeable backing)
- Generous sizing allows for safer repositioning of patients
- Overlock stitched edges keep fabric from fraying
- Thin profile should not impair the performance of the pressure reduction or relief mattress, and can therefore, remain beneath patient at all times
